"The mission of the Make-A-Wish Foundation® is to grant the wishes of children with life-threatening medical conditions to enrich the human experience with hope, strength and joy."

May 2, 2007

Dear Mr. Yourman:

On behalf of the entire Make-A-Wish Foundation® of New Jersey, I would like to thank you and those who contributed to the Greater Trenton Dart League's 2007 Dart For Dreams that was held on March 24th, 2007. We are truly grateful to be the beneficiary of your support. As part of our Adopt-A-Wish program, I am pleased to let you know that your support from this year's fundraiser, has allowed us to fully the following wonderful wish.

Even though Madeline is fifteen years old and likes to do typical teen-age things like watching movies and emailing on the computer, she still likes to be called Maddy and loves candy and chocolate cake. When Maddy was asked the question, "if you had one wish, what would it be?" she quickly answered that she would like to go on a Disney Caribbean Cruise. Maddy will be traveling with her mom, dad and eleven year old sister on a 7-night Western Caribbean Cruise on the Disney Magic. The trip includes stops in Key West, the Grand Cayman Islands, Cozumel, Mexico, and Disney's own tropical island in the Bahamas, called Castaway Cay. Maddy couldn't be more excited about her cruise because of the "tropical beaches, shopping, snorkeling and more!" Her family is also very grateful for everything that the Make-A-Wish Foundation® of New Jersey is arranging for the trip. When she's not thinking about her upcoming cruise, Maddy likes to read, play games, shop and watch Project Runway on TV.

Last year the Make-A-Wish Foundation® of New Jersey was able to grant 434 wishes; our goal this year is to grant at least 450 with the average wish cost of \$7,700. This generous contribution in your honor has helped us in reaching that goal by supporting our *Adopt-A-Wish* program.

Our goal for these children is to forget – if just for a moment—their illnesses and simply be kids again. No needles, no doctors, no hospital visits. Instead, only smiles and laughing were allowed on their wish come true. And *that* is what we call *the power of a wish!*

Information filed with the Attorney General concerning this charitable solicitation may be obtained from the Attorney General of the State of New Jersey by calling 973-504-6215. Registration with the Attorney General does not imply endorsement.

My hope is that you and everyone who contributed to the Greater Trenton Dart League's 2007 Dart For Dreams truly understand how important this wish is for Madeline and her family...that you know it could not have happened without your support. You are the reason their smiles are a little brighter, their family's spirits are little lighter and for once in quite a while their lives and their family's lives are filled with *hope, strength* and *joy*.

Through the granting of wishes it is our unique opportunity to return into the lives of seriously-ill children the hope, strength and joy that their illnesses have taken away. Though the true impact of a wish cannot be measured in dollars, we could not fulfill our mission without the generous support of people like you. On behalf of all the families and the more than 4,700 children who have been granted a wish in New Jersey, thank you for opening your heart to help make this wish come true.

Sincerely,

Stacy Redelheim
Director of External Events
